### Contains Soy.

NeevoDHA® is a food for special dietary use dispensed by prescription, which consists of a proprietary blend of biologically active folate, vitamins, minerals and long-chain polyunsaturated fatty acids, derived from food sources. This product is not an Orange Book product.

**WARNING:** Ingestion of more than 3 grams per day of omega-3 fatty acids has been shown to have potential antithrombotic effects, including bleeding time and international normalized ratio (INR). Administration of omega-3 fatty acids should be avoided in patients on anticoagulants and in those known to have an inherited or acquired bleeding diathesis.

**WARNING:** Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

### Recommended Use:

NeevoDHA® soft gelatin capsules are a food for special dietary use intended to address the special dietary needs of pregnant or lactating women for the biologically active form of folate, who are at risk for hyperhomocysteinemia, impaired folic acid absorption, and/or impaired folic acid metabolism due to 677C→T mutations in the MTHFR gene.

The usual adult dose is one gelatin capsule daily or as directed under medical supervision.

If you are pregnant inform your doctor, or if nursing, your child's doctor, that you are using this product.

NeevoDHA<sup>®</sup> is contraindicated in patients with known hypersensitivity to any of the components in this product.

**How Supplied**

NeevoDHA<sup>®</sup> is available as an opaque blue gelatin capsule with “Neevo DHA” imprinted on one side in white ink.

Commercial Product (90 gelatin capsules)	00525-0315-90*	
Sample Product-Blister (4 gelatin capsules)	00525-0315-04*	Professional samples-not for sale
